- Solved **700+ DSA at Leetcode.**
- Got Laptop towards UP govt. **in my class 10th.**

CERTIFICATIONS

- **C/C++ And DSA**
- **ReactJS Course**
- **MERN Stack**
- **SQL certificate**

COURSEWORK SUBJECTS

- **Operating System**
- **Computer Networks**
- **Object Oriented Programming**
- **Database Management System**
- **Data Structure And Algorithm**

EDUCATION

MCA - 8.58 CGPA
National Institute of Technology Agartala

📅 2022 – 2025   📍 Agartala, Tripura

Bachelor Of Science(B.Sc) -62.37%
Govt.Mahavidyalaya Bisalpur,Pilibhit (UP

📅 2021   📍 Pilibhit,UP

Higher Secondary -80.80%
Kunwar Jhankar Singh IC Barsia Pilibhit(UP)

📅 2018   📍 Pilibhit,UP

Secondary - 87%
Azad HSS Mirpur Bahanpur Bisalpur,Pilibhit (UP)

📅 2016   📍 Pilibhit,UP

PROJECTS

NetflixGPT

- **ReactJs| Tailwind CSS | React-Redux | Redux-toolkit |TMDB Movie API | openAI APIs| Google Firebase |Netlify**
- I have been passionately involved to develop of a **Reactjs** based,user-friendly **Netflix-inspired platform.**
- **Integrating TMDB APIs**,**OpenAI APIs** to power up dynamic suggestions and to enhance user experience.
- It has **form validation(email and pass)**,**Authentication System** for **SignIn/SignUP and Logout** along with **Google Firebase**.
- It has **Multilangual Support**,also build **Custom Hook's**,using **Async, Await** to handle **Promises.**Also using **Props** concept.Github

myPortfolio

- **ReactJs | CSS3 | Expressjs | Node.js |MongoDB | Render |Bootstrap | Github**
- I have been developed a responsive Portfolio Website.
- It has awesome **Dark/Light** feature.
- It have several sections. Github

GPT3-Turbo Clone

- **ReactJs| NodeJS| ExpressJS | MongoDB | Material UI | CSS**
- I have been develop dynamic UI. I create backend API with **ExpressJS** and **NodeJS** and using **NoSQL MongoDB database**.
- It has cool Delli openAI's model's features like **ChatBot and AI Scifi Image generation etc** . Github
